NOTIFICATION.

The 17th May 1886.—The following rules for the importation into Bengal of spirits manufactured at Shajehanpore in the North-Western Provinces have been framed by the Government of Bengal in communication with the Government of the North-Western Provinces, and are hereby published for general information. The rules will have effect from the 2nd June 1886.

Rules for the Importation into Bengal of Spirits manufactured at Shajehanpore.

1. Rum and other spirits manufactured at Shajehanpore may be imported into Bengal, under a license and a pass granted by the Collector of Shajehanpore, either on payment of duty at Shajehanpore, or under bond for payment of duty to the Collector of the district in the Lower Provinces into which the liquor is imported.

2. The Collector of Shajehanpore will forward by post a letter of advice to the Collector of the importing district of all spirits exported from Shajehanpore for the Lower Provinces, giving full particulars of each consignment, by specifying the number and date of the pass granted under the preceding rule in respect of the consignment, the description, quantity and strength of spirit contained in each cask or other vessel, and whether full duty has been levied, or the liquor has been cleared without prepayment of duty.

3. Spirits manufactured at Shajehanpore may be imported into Bengal by licensed dealers and persons requiring the spirit for consumption and not for sale, without the execution of a bond, and without a special license from the Collector of the importing district, provided—

(1) That duty be prepaid at Shajehanpore.

(2) That the consignors (Messrs. Carew and Company) obtain a pass from the Collector of Shajehanpore in respect of each consignment; such pass to contain the name and address of the consignee, and all of the particulars required by rule 2; and that they forward the same by post (not later than the date of despatch of the consignment) to the Collector of the importing district, sending at the same time a copy of the pass to the address of the consignee.

4. Except as provided in rule 3, every person removing spirits from Shajehanpore for exportation into the Lower Provinces must execute a bond binding himself and his heirs, successors and assigns to produce to the Collector of Shajehanpore, within a reasonable time (to be fixed by the Collector of that district), a certificate signed by the Collector of the importing district of the due arrival of the spirit at its destination, or to pay the Collector of Shajehanpore a sum equal, in the case of liquor removed without payment of duty, to double the amount of duty chargeable thereon, and in the case of liquor removed after payment of duty, to the amount of duty already so paid. The bond will also provide for the payment of penalty duty at the above rates on any deficiency in volume or strength on the arrival of the liquor at its destination in excess of 5 per cent., i.e., of double duty on such excess deficiency in the case of spirit removed without prepayment of duty, and of single duty on the excess deficiency in the case of spirit removed from Shajehanpore after payment of duty.

5. On a written application being made to the Collector of Shajehanpore, stating the causes, accidents, &c., which necessitate an extension of time, it shall be competent for that officer, if he thinks fit, to extend the time named in the bond under rule 4 for the due arrival of the spirit at its destination.

6. Should any delay arise in granting the certificate at the place of destination, which, in the opinion of the Collector of that place, would be a good and sufficient reason for extending the currency of the bond, he shall grant a certificate to that effect, and the Collector of Shajehanpore on receipt thereof may grant the certified necessary extension.

7. Collectors of district in the Lower Provinces will fix places for the reception, storage and examination of all spirits imported from Shajehanpore, subject to the orders of the Board of Revenue, who are authorised to refuse permission to import such spirits without prepayment of duty into any place or district within the Lower Provinces as may seem to them advisable.

8. Places fixed under the preceding rule for the reception and storage of spirits will in all respects be considered excise godowns, and will remain in charge of an excise establishment to be fixed by the Board of Revenue, and to be entertained at the expense of the bonder or owner of the spirits so long as any spirit remains there. No spirits shall be removed from such godowns, except under a pass signed by the Collector or other officer duly authorized by the Board of Revenue, and until full duty of excise has been paid. Any spirit removed from such godown, except as above, will be liable under the terms of the importer's or bonder's license to confiscation, and the person removing the liquor to the penalties provided by the excise law. It will always be competent to the Board to permit the removal of non-duty paid spirit from one warehouse to another under bond.

9. The owner or his agents will be required to give intimation in writing to the Collector of the district of the arrival of each consignment, and will convey all the spirits at their expense direct to the place fixed for its reception under rule 8.

10. If any spirit arriving from Shajehanpore is not taken direct to the place appointed for its reception, or is found out of the ordinary route of transit, it will be liable to confiscation.

11. On spirit being stored in the place appointed under rule 7, it shall be gauged and tested by an officer appointed for the purpose by the Collector of the district, care being taken to allow sufficient time for the spirit to cool. Due notice of such examination shall be given to the owners thereof.

12. When any excess in strength or quantity is found in the case of duty-paid spirit, the duty ordinarily leviable on such spirit will be levied forthwith on such excess, and before grant of the necessary certificate for cancelment of the bond.

13. The Collector of the importing district will, after examination of the spirit, grant a certificate certifying the arrival of the consignment and realization of duty or penalty duty on any excess or deficiency found in quantity or quality, as the case may be.

14. The following marks are to be legibly painted or cut on all the casks or other vessels containing the spirit, viz., the name of the distillery, the known mark of the proprietor, the number of the casks or other vessels, and the quantity and strength of contents. The above particulars should correspond with those in the letter of advice.

15. All spirits imported into Calcutta from Shajehanpore will be carried and stored in the excise godown at the expense of the owners or agents, and will only be issued for local consumption or exportation to other districts in Bengal or for exportation by sea under passes granted by the Collector of Calcutta.

16. Rule 3, under section 7, chapter XV of the Board's rules, is applicable to all spirits manufactured at Shajehanpore and imported into Bengal under bond, and stored in places fixed for its reception.

17. Spirits manufactured at Shajehanpore and imported into Bengal under the above rules may, after payment of full duty of excise, either at the place of manufacture or in the district into which the spirit is imported, be sold by persons holding licenses for the sale of imported liquor.

18. The provisions of sections 61 and 75 of Act VII (B.C.) of 1878 shall apply to all Shajehanpore spirits imported into Lower Bengal in excess of the quantity shown in the pass or bond prescribed in rules 3 and 4 respectively, or otherwise in contravention of these rules.

Position of Sunken Wreck.

MR. G. MACKERNES, Commanding the British India Steam Navigation Company's steamship *Kilwa*, whilst on his voyage from Calcutta to Bombay, *via* Coast ports, discovered the British barque *Sir Henry Havelock*, which had been burnt on the 1st June 1886, sunk, in a position dangerous to shipping, in the Narrakel roadstead.

The wreck lies in about 5 fathoms, portions of the spars showing just above water sufficient to mark the spot, and he gives the following bearings:—

Narrakel flag-staff	E. by N. $\frac{1}{2}$ N.
Cochin light-house	S. E. $\frac{1}{4}$ S.
The Cruz Milagre gap	S. E. by E.

The bearings are magnetic.

A buoy painted green has been placed two cables to westward of the wreck.

The Master-Attendant, Narrakel, directs vessels approaching the anchorage at night to bring the light to bear about E. $\frac{1}{2}$ N. in 6 to 7 fathoms, and run in on that bearing and anchor in $4\frac{1}{2}$ to 5 fathoms of water.

The *rock* or *islet* marked on the latest corrected charts, two miles E. by N. of Bound island, does not exist.

The *Medina Patches* with a depth of $1\frac{1}{2}$ fathoms, lie one mile E. by S. of Bound island, and join the $2\frac{1}{2}$ and 3 fathoms marked to the South Eastward.

Directions.—By keeping the whole of Passage Island open West of Fell's Island, a vessel will pass over the tail of the bank in 3 fathoms at low-water, smooth bottom. The least water in Fell's Passage is 9 feet at low-water between Payee Kyun and the Small islet. The rise of tide at neaps is 12 feet above this.

(2) *Reef South-Eastward of Tavoy Island.*

Also, that information has been received of the existence of a *rocky patch* lying to the South-East of Tavoy Island:—

STOCK CERTIFICATES.

As it does not appear to be generally known that Government Promissory Notes can be readily converted into Stock Certificates and re-converted into Promissory Notes at the option of the holders, and that Stock Certificate-holders enjoy certain special advantages, the attention of holders of Government Securities is drawn to the following particulars:—

1. Government Promissory Notes can be converted into Stock Certificates and re-converted into Promissory Notes at any time at the option of the holder.

2. The holders of Stock Certificates are not required to present them in person or by agent when the interest becomes due. On application made, interest will be paid to Stock Certificate-holders by warrants on any Government Treasury, which warrants will be sent by post, on the day the interest falls due, to the Stock Certificate-holders direct, or through the Treasury Officer, as they may desire.

3. Stock Certificates are not negotiable by endorsement, and are consequently of no value in the hands of a wrongful holder, and the risks arising from the possession of, or repeated transmission of, negotiable Securities, are thereby avoided.

4. In the event of the loss of a Stock Certificate by theft, fire, &c., a fresh Certificate will issue on satisfactory evidence of loss.

NOTE.—In these rules—

“Petroleum declared dangerous” means petroleum which the master of a ship has declared under rule 12 to be dangerous petroleum.

“Certificated petroleum” means petroleum covered by a certificate granted at the port of shipment, of such description as the Local Government may, from time to time, by written order prescribe, and to the effect that the petroleum is not dangerous petroleum.

“Uncertificated petroleum” means petroleum which the master of the ship has not declared under rule 12 to be dangerous petroleum, and which is not covered by certificate as aforesaid.

“Petroleum reported dangerous” means petroleum stated in a report, signed by the Chemical Examiner to Government and deposited in the office of the Port Commissioners, to be dangerous petroleum.

“Petroleum reported not dangerous” means petroleum stated in a report as aforesaid not to be dangerous petroleum.

13. The master of every ship bound for Calcutta and carrying petroleum shall, before reaching Budge-Budge, declare in writing to the pilot*—

- (a) what quantity of petroleum the ship is carrying;
- (b) whether any, and if so what, part of it is dangerous petroleum; and
- (c) whether any, and if so what, part of it is certificated petroleum.

When the master declares that any petroleum is certificated petroleum, he shall produce to the pilot the certificates covering the same.

14. A ship having on board more than 40 gallons of petroleum declared dangerous shall not proceed upwards beyond Budge-Budge; but such petroleum shall be landed at the petroleum wharf and shall be detained there pending the grant of an import license under section 4 of the Petroleum Act, or the orders of the Local Government for the disposal of the same.

15. A ship having on board more than 500 gallons of certificated petroleum, or more than 40 gallons of uncertificated petroleum, shall not proceed upwards beyond Budge-Budge; but such petroleum shall be landed at the petroleum wharf and detained there till the Chemical Examiner reports that it is not dangerous. This rule shall not apply to petroleum which is ordinarily used for lubricating or jute-batching purposes, and which has a flashing-point above 150° by Abel's test. On the master of a vessel producing a certificate that the petroleum which he has on board is all of this description, the ship may be brought up to the jetties and her cargo discharged in the ordinary manner, but the Commissioner of Police shall be entitled at any time to obtain samples of such petroleum for the purpose of having them tested.

16. A ship having on board only certificated petroleum, not exceeding 500 gallons, may proceed to any moorings in the Port of Calcutta, and there discharge the petroleum.

17. (1) When, under the provisions of rules 14 and 15, any petroleum has been landed at Budge-Budge, the Superintendent of the petroleum wharf shall, within as short a time as possible, not exceeding 48 hours from the time of the petroleum being landed, obtain samples of the petroleum so landed.

* The pilot should deliver this declaration to the Harbour Master or his assistant when the latter comes on board.

(2). Every different quality of petroleum shall be separately sampled, and when petroleum is certified to be of uniform quality, a sample shall be taken from not less than one case in every 10,000 cases.

(3). The Superintendent shall forthwith seal the receptacles containing the samples, and having labelled them with the name of the ship, the name of the consignee, and such other distinguishing marks as he shall deem necessary, shall forward them to the Chemical Examiner to Government.

(4). The Chemical Examiner having tested them shall, within 24 hours after the receipt of the samples, sign a report declaring that they are or are not dangerous petroleum (as the case may be), and shall forward that report to the office of the Port Commissioners, sending a copy of it at the same time to the Commissioner of Police, Calcutta.

18. Petroleum which has not been reported under the last proceeding rule not to be dangerous petroleum shall not be removed from the wharf except in accordance with a license granted under section 4 of the Act, or under an order of the Local Government.

19. When the petroleum declared dangerous on board a ship amounts to more than 40 gallons, and is not covered by an import license granted under section 4 of the Act, and the master desires to proceed above Budge-Budge, the Local Government may, if it thinks fit, grant to any person a license to possess that petroleum

at such place for such time and subject to such undertaking by such person for the re-exportation of that petroleum at the expiration of that time as it thinks fit; and may, notwithstanding anything hereinbefore contained, permit that petroleum to be landed and delivered to that person in such manner and subject to such conditions as it thinks fit.

20. Nothing in the foregoing rules applies to petroleum imported from the United Kingdom in iron drums, as part of a general cargo when the certified flashing point of such petroleum by Abel's test is above

80° Fahrenheit, provided that the quantity imported in any one ship does not exceed 2,000 gallons. A ship carrying only petroleum of this description may enter the port without any restriction, so far as the above rules are concerned, and discharge its cargo in the ordinary manner. The Commissioner of Police shall, however, be entitled at any time to obtain a sample of such petroleum for the purpose of having it tested.

21. Nothing in the foregoing rules applies to petroleum comprised in a ship's stores and manifested as such, provided it is not of unreasonably large amount. If any question arises as to whether any petroleum manifested as ship's stores is of an unreasonably large amount, the decision thereon of the Port Commissioners shall be final.

22. When petroleum reported not dangerous is transported by boat within the port—

All vessels intending to anchor in Garden Reach shall be moored below Metteabrooj Ghât moorings in a clear swinging berth, as close to the south bank as the length and draught of the vessels will admit. The fire-engine station is at Fort Point, where the vessel is moored, and where a look-out is kept day and night. In case fire breaks out on board a vessel, notice should at once be sent to the fire-engine station.

Every precaution will be taken to ensure the safety of the powder while in the boat, but the landing and shipping is at the risk of the vessel.

Boats provided for landing powder.

60. Vessels bringing consignments of trade or Government powder will be liable to pay landing charges for the use of the boat if the magazine boat is used, and should passing vessels require the use of the boat to put out or receive ship's powder, such vessels must be accommodated before the boat can be used to discharge powder or ammunition brought as cargo.

Masters of vessels who have deposited ship's powder at the magazine should inform the Harbour Master of the date on which the vessel will pass the magazine outward-bound, and on receipt of this information orders will be forwarded to the keeper to place the powder in the boat, and send it off in such time as to avoid any detention of the outward-bound vessel. Before delivering the powder, the receipt granted by the magazine-keeper must be given up.

BOARD OF REVENUE, L.P., FORT WILLIAM, the 1st June 1886.

NOTIFICATION BY THE ACCOUNTANT-GENERAL, BENGAL.

STOCK CERTIFICATES.

As it does not appear to be generally known that Government Promissory Notes can be readily converted into Stock Certificates and re-converted into Promissory Notes at the option of the holders, and that Stock Certificate-holders enjoy certain special advantages, the attention of holders of Government Securities is drawn to the following particulars:—

1. Government Promissory Notes can be converted into Stock Certificates and re-converted into Promissory Notes at any time at the option of the holder.

2. The holders of Stock Certificates are not required to present them in person or by agent when the interest becomes due. On application made, interest will be paid to Stock Certificate-holders by warrants on any Government Treasury, which warrants will be sent by post, on the day the interest falls due, to the Stock Certificate-holders direct, or through the Treasury Officer, as they may desire.

3. Stock Certificates are not negotiable by endorsement, and are consequently of no value in the hands of a wrongful holder, and the risks arising from the possession of, or repeated transmission of, negotiable Securities, are thereby avoided.

4. In the event of the loss of a Stock Certificate by theft, fire, &c., a fresh Certificate will issue on satisfactory evidence of loss.

NOTE.—Further particulars can be obtained on reference to the Public Debt Offices, Calcutta, Madras, and Bombay.
